Mrs. Eva Landman and Mrs. Evelyn Bivins from the General Agriculture Test Battery, U. S. Department of Labor, State Employment in Gulfport, Miss., gave an aptitude test recently to approximately 32 seniors. It consisted of two parts. The first was a written test 1:10 minutes long and the other part concerned the dexterity of a person. They will be back in January to tell the students the results.

On December 21 a group of Junior Red Cross members and four adult sponsors motored to Illinois to the Kessler Air Base Hospital. The group provided treatments and brought the Christmas spirit to the boys who had to spend Christmas in the hospital. The "Seventeeners" also went and entertained by singing several songs. Christmas carols were later sung by the entire group. The party was well enjoyed by both patients and Junior Red Cross members.

Those making the trip were Bobbie Jo Walters, Lynne Hall, Hamilton, Guenard, Freda Pernick, Carol Johnson, Diana Manning, Alice Maurigi, Rette Martin, Tommy Johnson, Bonnie Farris, John Rutherford, Floyd Cunniff, Bill White, Steve Wilcox and Jan Brannery. The four adults were Miss Julia Blaise, Mrs. Norman Hall, Mrs. Octave DeBru and Mrs. James Analey.

Congratulations to Mr. and Mrs. C. P. Penrose, on Waveland's beach, who celebrated their fifth wedding anniversary Jan. 14. They wish them many more happy anniversaries. This column also extends them happy greetings upon this occasion.

John Penrose and Basil Kennedy were hosts at a recent King's Party. Aline Andry of New Orleans, who was a guest during the weekend of Dawn Penrose, helped the younger crowd have a gay time.

The doing of good work is always appreciated by those of us who hear about it but there are times when many good works pass us by unless they are brought to our attention. This week the Gideons Society place Bibles in the Hancock County Hospital in Bay St. Louis. Each bed was provided with a Bible. The hospital board, as well as the patients, is grateful for this kind gesture.

If any one saw the large picture window outlined with Christmas lights and a brightly lighted Christmas tree shining through at the T. H. Brockman home on Waveland's beach this past week and it was because the happy occasion was being celebrated once again for a youngster who could not get to her grandparents' home for the night of the 25th of December. Pretty little Peggy Ann Brockman, daughter of Mr. and Mrs. Ott Brockman of Mattsburg, was confined to her home bed case of chickenpox. For the first time since her birth, she could not celebrate Christmas in Waveland. But Santa did come to her and sister, Christine, in Mattsburg and he also left many beautiful presents for both girls under the Brockman tree in Waveland. This weekend they got them, and the happy voices of children squealing and laughing with joy brought happiness to everyone.

Waveland has had its share of sadness during the past week, too. Mr. Alfred Bourgeois was buried on Sunday in Waveland Cemetery. Mr. Bourgeois was

well known in Waveland and Bay St. Louis where he was highly regarded as an esteemed citizen. His sons, their wives and children, and his daughters, their husbands and children gathered at the family home on Waveland Avenue. They came from far and near to be with their father at his passing. Leroy Bourgeois came from Las Cruces, New Mexico; Clifford Bourgeois and his family arrived from Memphis, Tennessee; and Ray Michael Bourgeois arrived from Barcelona, Spain, in time to see his father before his death. From the abundance of flowers and the number of friends

who attended the funeral, Alfred Bourgeois was well remembered. This column extends sympathy to Mrs. Bourgeois and the entire family.

Sympathy is also extended to Mrs. Bath Dufour and family upon the death of young Tony. Tony, who was 14, was killed in a car accident. Tony was a very friendly and cheerful boy and his death is a great loss to his family. Tony will certainly be remembered for his courage and his friendly smile of welcome he always gave to those who visited him.

Mr. Adam Russell was called to Marrero, La., this week where he attended the funeral of his brother, Mr. Casper Russell, who had been ill for a long time. Sincere sympathy is extended to Mr. Russell and the family.

Mr. Roland Weston has returned to his Waveland home from Jackson, Miss., where he attended the monthly Directors' meeting of the Mississippi Forestry Association.

Mr. and Mrs. Otto Schupp have returned from New Orleans where Mrs. Schupp underwent treatment for a broken arm which she suffered recently.

Mrs. Ed Phillips is hospitalized in New Orleans at the Baptist Hospital. She will undergo a check-up. Best wishes for good health are sent her way.

Mrs. Ruth Meilieur is also confined to the hospital in Bay St. Louis. Get well wishes are conveyed to her from all her friends.

Mr. William Ruhr of Nicholson Avenue has had a heart attack and is recuperating at his home in

Waveland. Wishes for a speedy recovery are extended to him.

The Waveland Methodist Church is growing by leaps and bounds. The trustees, members of the church, and their minister, the Reverend Martin Stow, are very grateful for all of the donations and gifts which have made the addition to the small building possible. An invitation to worship there is extended to all. The building will be completed in about two weeks.

CARD OF THANKS
We wish to express our heartfelt thanks and appreciation to all for the kindness shown us during the illness and death of our beloved husband and father, Alfred L. Bourgeois.

Special thanks to the Brothers of St. Stanislaus, Fabey Funeral Home, Rev. M. J. Costello, John Auderer, Mrs. John Munch, Turcotte Family, Mrs. Fred Bourgeois, Ducre Bourgeois, Alvin Jenkins, Charleston Ladner, Dominic Sonier and Dr. J. T. Nix and Staff.

You don't see a smoking record of adding more families to the gas service. Not of those enjoying the convenience of natural gas. It's a sign of progress. A sign that we're doing it for all of us who live in the Gulf States. We are proud to be part of this progress.

MIRACLE FIBER—COTTON

The number one crop of Mississippi's farms for more than a century is still writing history as a new, miracle fiber. We eat it, wear it, even sleep on it—yet few people are aware of all the oddities and contracts surrounding the fabulous fiber: cotton. New uses are being found for cotton all the time, and for the future, chemists talk about a treatment for cotton that will make it wrinkle-proof—another step toward solving a third to prevent it from wearing out. But in the face of all the new promises and products, cotton's biggest use today—clothing for garments and household uses—is the same as it has been put to for over 5,000 years.

BY THE BOARD OF SUPERVISORS

There came on for consideration the matter of a previous matter of this Board recorded in Volume "U", Page 355 wherein this Board declared a certain road or way to the Claiborne depot closed and the Board having reconsidered the matter does now find and determine on the basis of additional evidence submitted at a hearing of the matter that the same be ordered opened to the Board hereinafore referred to should not be entered and is void and of no effect.

The Board further finds from

ral evidence presented that said road had never been abandoned since it had been continuously used by workmen of the L&N railroad and members of the traveling public and consequently should not have been closed on the basis of an abandonment and that proper legal notices had not been given to the property owners having an interest in the road nor had any notice been given to the public of the Board's intention to close the road.

Thereupon Supervisor Hubbard moved that the previous order of this Board as hereinabove referred to be declared void and of no effect, the motion was duly seconded by the Supervisor Shaw and unanimously adopted.

BE IT Ordered by the Board that the Board recess until Monday Morning, November 17th, 1958, at 9:00 o'clock A. M.

(6) JACK LOTT,
President

Monday Morning, November 17, 1958, at 9:00 o'clock A. M., the Board met pursuant to recess.

the "big talk" in which many of the self-styled liberals have indulged since the election. The member came to naught in the case when the new, 60th Congress convened.

For weeks they have bragged in the press that they were going to flip the wings of the powerful Finance Committee and were going to hear Dr. Dale Alford of Little Rock from taking his seat. And

posed that the 21-day rule, under which the chairman of a legislative committee can call up any pending before the Rules

Committee if that body does not report it within 21 days, be reduced and that the traditional division of party strength on the

the Committee of 6 members
the majority party and 4
members from the minority
to 9 Democrat and 3 Re-
publicans in the new Congress.
A new line-up would have
weakened the strategic position of
South in the field of Civil
Rights and other left-wing propo-
sals. They had claimed that they
would insist that Dr. Alford, not
his seat until his successful
campaign against the Moder-
ate Brooks Hays was fully in-
vested.

Early in December we informed the northern group of the House of Representatives that I had been elected as chairman for the next year. In countering these moves of the liberal block, the dean of the delegation of each Southern State was contacted weeks before the convening of the Congress to bring him to make sure that all members of his delegation were present for the Democratic caucus on January 6, the day before the Congress was to convene.

to, a meeting of the strategy or steering committee of the group, consisting of a representative of each State delegation, was arranged for January 2. This meeting was followed by other strategy sessions before the Caucus. At this time the Caucus met. Speaker Rayburn had announced that he opposed a rule change and that he thought Dr. Ford, having been certified by the State of Arkansas as duly qualified, should be seated. The

ected, would be seated. The
baker had issued a statement
ing his personal assurance that
reported legislation would clear
Rules Committee. Actually,
s amounted to little more than
face-saving sop to the liberals.
We had lined up sufficient
ties to bar any rules change. The
fford seated had also been
kinged out. As a result instead
the predicted stormy session,
the Caucus went off in a com-
pletely harmonious way.

The Alford seating took place according to the script. One of the "liberals" objected to the oath being administered to him. A similar objection can be made under the rules and precedents against any member) the Speaker asked Dr. Alford not to rise with the other Members, the oath of office was administered to all those standing, then Majority leader McCormack was recognized by the speaker to offer a privileged resolution directing that the

ath be administered to Alford and that the question of his right to a seat be referred to the Committee on House Administration. There was only a scattered number of Noes. It was generally understood that the challenge would end there.

THE PRESIDENT'S MESSAGE

There was nothing new in the President's State of the Union message.

His calling for a firm policy in Berlin and for a balanced budget was of course, welcome.

His references to integration and enforcement of the school mixing decision of the Supreme Court received surprisingly little applause from a Congress with so many new members wearing the "liberal" label.

DR. A. L. GRAY

The appointment of Dr. A. L. Gray, of Jackson, as State Chairman of the 1959 Cancer Crusade, was announced today by Dr. W. N. Jenkins, Port Gibson, Mississippi American Cancer Society President.

In expressing appreciation to Dr. Gray for his willingness to lead the Crusade, Dr. Jenkins noted that the new Chairman's acceptance was "another instance of the healthy spirit of co-operation which exists in Mississippi between the voluntary health organizations, the public health services and the medical profession."

In accepting the post, Dr. Gray, Executive Officer of the State Board of Health and a veteran ACS volunteer, stated "The success of the 1959 Cancer Crusade is of such importance to the people of Mississippi, who rely so greatly on the ACS for furtherance of cancer research, for cancer education, and for service to indigent cancer patients, that I could not refuse to do my part. I know that the people of our state share my pride in the work of our Mississippi Division of the ACS, and they will not let this work suffer for lack of funds."

Dr. Gray, native Mississippian, is a graduate of Mississippi State, the University of Tennessee Medical school and the Harvard School of Public Health. He is married to the former Miss Lorraine Child of Tupelo. The Grays have three married daughters.
